NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture amended Section 3424, subsection (b) of the regulations in Title 3 of the California Code of Regulations pertaining to *Bactrocera zonata* Fruit Fly Interior Quarantine as an emergency action that was effective on August 1, 2006. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture may certify that there was compliance with provisions of Section 11346.1 of the Government Code within 120 days of the emergency regulation.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before November 6, 2006.

INFORMATIVE DIGEST//POLICY STATEMENT OVERVIEW

Existing law obligates the Department of Food and Agriculture to protect the agricultural industry of California and prevent the spread of injurious pests (Food and Agricultural Code Sections 401 and 403). Existing law provides the Secretary may establish, maintain, and enforce quarantine regulations, as he deems necessary, to circumscribe and exterminate or prevent the spread of pests (Food and Agricultural Code, Sections 5301, 5302 and 5322).

The amendment Section 3424(b) removed the quarantine area for *Bactrocera zonata* of approximately 106 square miles in the Fresno area of Fresno and Madera counties. The effect of the amendment was to remove the authority for the State to regulate movement of hosts and possible carriers of *Bactrocera zonata* within and from the Fresno area, because it is no longer necessary to protect California's agricultural industry since the fly has been eradicated from that area. There is no existing, comparable federal regulation or statute regulating the intrastate movement of hosts and possible carriers of *Bactrocera zonata*.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that Section 3424 does not impose a mandate on local agencies or school districts, except that an agricultural commissioner of a county under quarantine has a duty to enforce Section 3424. No reimbursement is required for Section 3424 under Section 17561 of the Government Code because this amendment removed the portions of Fresno and Madera counties that from the area under quarantine; therefore, enforcement is no longer necessary. There are no mandated costs associated with the removal of this area from the regulation.

The Department also has determined that the amended regulation will involve no additional costs or savings to any state agency, no reimbursable costs or savings under Part 7 (commencing with Section 17500) of Division 4 of the Government Code to local agencies or school districts, no nondiscretionary costs or savings to local agencies or school districts, and no costs or savings in federal funding to the State.
